Political history:	<p>My late Uncle was a Labour Councillor for Winchburgh many years ago My interest in politics only developed with the removal of services from St John's Hospital and having no voice in the Council it was agreed to go for election under the umbrella of Action To Save St John's. I was delighted to be elected in the 2007 elections and I am so passionate to serve the people of ward 2 during my years in office</p>
Particular aim / interest	<p>Totally dedicated to Nursing. Passionate in caring for my residents and Staff in the care Home I have dedicated my life to caring for my</p>

	Brothers and sisters and their extended families when our mum died 40years ago and I am so proud of their achievements. My main aim as a Councillor is to ensure St John's survives as an Acute Emergency Hospital and we once again becomes a Hospital of Excellence
